

300N Wireless Ceiling Access Point

W300AP(TH)

Specification

Hardware Features	
Dimensions	159*159*40mm
AP Type	Fit AP
CPU	300MHz BCM5357C0
Interfaces	1*FE LAN ports
Antennas	3dbi printed antennas
Button	1*Reset
Power Method	802.3af PoE
Maximum Power Consumption	6.5W
LED indicator	SYS

Operating Temperature	-10°C ~ 45°C
Storage Temperature	-30°C ~ 70°C
Operating Humidity	10% ~ 90% non-condensing
Storage Humidity	10% ~ 90% non-condensing
Certifications	FCC/CE/Rohs
Software Features	
Compliant Standards	IEEE 802.11n/g/b
Frequency Range	2.4GHz
Maximum Transmit Power	17 dBm*
Wireless Basic Settings	4 SSID Channel 1-13 Output Power adjustable QLAN
Wireless Security Settings	64/128 WEP WPA-PSK WPA2-PSK
Maximum Concurrent Clients	15
LAN Settings	Dynamic IP
AP Management function	Centralized managed by CW500 Support Reset from CW500 Support upgrade firmware from CW500 Support reboot at regular time

* For Thailand country
